Donald,

I think that would be a great solution to this years issues. I can discuss in more detail in person but needless to say, I am extremely disappointed in this years turn of events.

Thank you for your generous offer...

Howard Leslie
Commanding Officer
Wilshire Area
LAPD

With your support, I'll try to have National Night Out in Poinsettia Park adopted as an on-going BID event beginning next year. We will, of course, try to collaborate with Peter Nichols. We are here to "build community" and business.
